TRX's premium-quality, multi-series, "High Contrast" cymbals have been developed to cover every level of the sonic and musical spectrums—from high to low and jazz to rock. The TRX **DRK Series** is known for its dark, low-pitched, earthy sound. The TRX **MDM Series** is a mid-frequency, all-purpose line. **TRX Blends** combine our MDM and BRT Series to create a balance of warmth and brightness. The **BRT Series** is powerful yet musical with a higher pitch plus increased presence and projection.

These TRX cymbal series broaden and extend the range of "High Contrast" dark, medium and bright tonal options, TRX **"X" Series** features a "washed" and somewhat exotic sound. The **ALT Series** offers increased focus, a fast response and an all-around alternative for a variety of modern drumming styles. Our **LTD Series** has an exclusive, three-zone design that provides a combination of articulation and detonation. The **NRG Series** creates a powerful, high-frequency, high-energy sound on stage and in the studio.

SFX Series DRK/BRT Hi-Hats and T-Bells

Matt Mingus • Darryl "Lilman" Howell

The TRX **SFX Series** also expands the "High Contrast" tonal palette with new and unique sounds. **Thunder** and **Lightning** Crashes, Splashes and Chinas feature an exclusive, asymmetrical hole pattern that gives the cymbals a distinctive sound quality—providing a dramatic contrast to conventional cymbals that can be used as effects, crashes, secondary crash-rides or as the top or bottom of hi-hats and stacks in many genres of music.

The selection of SFX "Special Effects" cymbals also consists of:

- Vented, multi-purpose **Stackers**
- Trashy yet crisp **DRK-BRT** cross-matched Hi-Hats
- **Storm** (Thunder & Lightning) Hi-Hat
- High-pitched, heavy-weight **T-Bells**

New For 2017

NDK

TRX "New" DRK cymbals are available in the same sizes, types and weights as our original DRK series but feature a sandblasted finish for a drier sound and unique appearance.

CLS

Super dry, super dark and recommended for jazz, R&B, rock and indie-pop, the CLS series features "Silver" B20 bronze and redefines "classic" cymbals. Available in Crash-Rides, Crashes, Thunders and Hats.

Special Edition AX

The AX series joins the TRX Special Edition family to offer a drummer a new line of handcrafted, B20 cymbals with a brighter, more powerful sound at a surprisingly affordable price. See page 10 for availability.

TRX Special Edition Add-Ons

Offering professional quality at a surprisingly affordable price, TRX **Special Edition** Series is an new class of cymbals that are recommended for all drumming levels, interests and abilities. The line is made from high-quality B20 Bronze that is 100% handcrafted and hand-hammered to create the look and sound of more expensive hybrid cymbals. TRX Special Editions are available in a full selection of Rides, Hi-Hats and Crashes individually and in popular box set configurations as well as a choice of Splash, China and Stacker effects add-ons.

See the new **Special Edition AX** on page 9.

CRX Stack Packs

Daniel Powell • Chuz Estrada

Designed to provide a great sounding, mid-priced option for today's drummers, CRX **Classic**, **Rock** and **Xtreme** cymbals are based on the same "High Contrast" tonal spectrum as their DRK, MDM and BRT TRX cousins. The lines include a full selection of cymbals created from our proven B20 Bronze formula and handcrafted to the highest standards.

CRX **Stack Packs** are great sounding yet affordable, Splash, Stacker and Mini-China combinations. See the CRX price list for a complete list of available models.
